

The Community Platform

Engagement, Analysis, and Leadership Tools

This initiative of the Civic Leadership Project combines data with maps and other web tools to help communities and nonprofit organizations work more effectively together.

- Map Community Resources & Needs
- Share Resources & Volunteer Recruitment
- Share Knowledge
- Analyze Nonprofit Finances
- Track Program Outcomes
- Find community resources to support Neighborhood Schools
- Preloaded with all nonprofit organizations registered with the IRS, public schools; and community indicators from the U.S. Census Bureau.
- Add your own Local Data: community indicators (health, education, crime, etc.), organizations and programs (gov't services, businesses, etc.)
- Update Organization Profiles with more information on their programs and service locations
- Create a Resource Directory for your full community or create custom directories for individual counties, neighborhoods or partners
- Create Custom Pages for your partners with custom maps, directories, and other widgets
- Create Blog Posts
- Create content for your social media in our Content Factory
